

Protecting the Angels By the Numbers... ...and Beyond

Tangibles and Intangibles. Quantitative and qualitative. Eyes and ears.
Two sides to everything, so have John on your side.

Who is John Samore III?

With over 25 years of multidisciplinary professional accounting, advisory and consulting experience, John applies all elements of the technical side of being a **Certified Public Accountant** and the in-depth and detailed insight of a **Certified Fraud Examiner**. John is a unique professional that affords his clients the proactive (prevention) and reactive (recommendation) services in the same engagement.

In addition to being both a CPA and CFE, John earned his MBA and BS in Accounting from the University of Southern California. John has an expansive range of industry experience and has provided a variety of professional services across those industries.

Services Provided:

-  Financial Due Diligence
-  Operational Due Diligence
-  Managerial Assessment
-  13-Week Cash Flow Projections
-  Quality of Earnings Analysis
-  Guidance on Financial Statement Preparation
-  Review of Internal Controls and Recommendations to Improve Control Weaknesses or Deficiencies

Because just one wrong number can *change everything*.

That's why it pays to have a CPA who is also an experienced financial investigator, who knows numbers, operations and controls, and can evaluate people. Insight is where analysis meets intuition.

Numbers reveal some truths.

And in validating those numbers, the unexpected may be uncovered.

Most investors have been taken in by an idea, but only when something goes wrong does 20/20 hindsight reveal the crucial missing element.

John's diverse, professional, relevant experience provides you with an unobstructed, independent perspective and analysis to help you, the Angel, decide where, you invest your dollars.

Why Select John Samore III?

- *Partner-level and executive experience.*
- *Rates more reasonable - about half of the fees charged by the Big 4 and other firms.*
- *A dedicated, focus-driven professional with your best interests in your target investment.*
- *More than a service provider but an experienced, independent Advocate, Advisor and Confidant.*
- *A deeper assessment that combines the technical skills and knowledge of a CPA with the inquisitive, fact finding intuition of a trained investigator.*
- *Comprehensive analysis providing more than just a financial statement assessment.*

"Thank you so much, John, for your help on the latest crisis. [Your onsite] yesterday really showed how much you care. [We] appreciate you and are fortunate you are there for us."

Tracy Weber, Assistant Director
Tobinworld

"John is amazing. [Our] finances were in a shambles. John came in and made sense out the mess and gave [us] advice as to what to do to handle the chaos. John was a huge help to us."

Katie A. L.
